

DTE-Woodpecker D600 led ultrasonic scaler, Satelec compatible, with tank

Shipping expected in approximately 30 days

SKU: SCR600E

Categories: Endodontic Scalers

Description

The DTE-Woodpecker D600 led ultrasonic scaler is a state-of-the-art device designed for dental prophylaxis treatments, combining high-performance piezoelectric ultrasound technology with advanced features for a comprehensive and efficient approach to dental care.

This tabletop scaler is equipped with specialized programs for scaling, endodontics, and periodontology, offering a versatile solution that meets the diverse needs of modern dental practices. Its compatibility with Satelec® inserts and the inclusion of an autoclavable LED handpiece enhance both convenience and hygiene, making it an essential tool for professionals seeking top-tier performance. The modulated sinusoidal oscillations of the device ensure painless treatment, improving patient comfort and overall satisfaction during procedures.

Key Features:

- Modulated sinusoidal oscillations designed for pain-free treatment and superior patient experience.
- Water-resistant touch controls offer precision and durability, ideal for maintaining control in any environment.
- Multiple operating modes: Scaling, Perio, and Endo, ensuring tailored treatment options for various dental needs.
- Flexible water supply options: compatible with both direct water connections and an integrated water dispenser.
- Automatic frequency monitoring ensures the device operates consistently at peak performance.
- Autoclavable LED handpiece, compatible with Satelec® inserts, promoting hygiene and easy maintenance.
- Comes with 7 inserts, offering comprehensive functionality across a wide range of dental procedures.

Technical Specifications of the DTE-Woodpecker D600 led ultrasonic scaler:

- Power supply: 220-240V~ 50Hz/60Hz, 150mA
- Output insert vibration: ? 90?m
- Insert detachment force: ? 2N
- Ultrasound frequency: 28 kHz \pm 3 kHz
- Output power: 3W – 20W
- Water pressure: 0.01MPa – 0.5MPa
- Weight: 1.8 kg

With its exceptional performance, reliability, and patient-centered design, the D600 LED DTE-Woodpecker scaler stands out as a preferred choice for dental professionals, ensuring optimal results for every treatment.

Choose D600 by DTE-Woodpecker from Tecnomed Italia and discover a new level of efficiency and reliability for dental prophylaxis treatments. Optimize your daily work with DTE-Woodpecker solutions, with the assurance and guarantee of Tecnomed Italia's after-sales service.
