#### Handpiece Holder Arm for Easy Tray – Stainless Steel with Dual Pivot

An optional accessory designed for the **Easy Tray equipment cart**, this handpiece holder arm enhances convenience and efficiency during dental procedures.

Crafted entirely from **stainless steel**, it offers durability, hygiene, and easy cleaning. The **dual-pivot design** allows smooth, flexible positioning of instruments, improving both accessibility and ergonomic comfort for the practitioner.

A smart addition that makes the Easy Tray system even more adaptable and functional in daily clinical use.
