

AIR ONE control unit for single-hole turbine

Sprayless Control unit for HCP01P high speed handpieces, complete with filter, pressure regulator and foot control, 1 way.

Available

SKU: AR01PHC

Categories: Control Boxes

Description

High speed handpiece controller single-hole.

Benchtop controls are best for accurate adjustment of air pressure, turbine speed and spray rate (with spray type handpieces). Speed is best controlled by means of a progressive action foot control. Our benchtop control units are designed to work with all types of high speed handpiece currently on the market.

Air One is a control unit for sprayless high speed handpieces, complete with filter, pressure regulator and foot control.

Technical features High speed handpiece controller single-hole.
