

## AIR TWO Control Unit for 2-Holes turbine, with spray

Control unit for turbine with 2-holes, with spray, complete with filter, pressure regulator and foot control.

**Available**

**SKU:** AR22PHC

**Categories:** Control Boxes

### Description

AIR TWO turbine controller 2-holes with spray.

Benchtop controls are best for accurate adjustment of air pressure, turbine speed and spray rate (with spray type handpieces). Speed is best controlled by means of a progressive action foot control. Our benchtop control units are designed to work with all types of high speed handpiece currently on the market.

AIR TWO is a control unit for high speed handpieces with an integrated spray system, complete with a 250 ml solution tank, filter, spray on/ off selector and foot control. Air Two also incorporates controls for adjusting air and spray pressure.

Technical features Air Two turbine controller 2-holes with spray.

Type	Benchtop
Spray water	NO
Turbine hose	Free 2-holes – Ø air 4 mm / Ø water 1.6mm
