### Medical Air Compressor for 3 Units – Silent, Efficient and Reliable for Dental Clinics

The **Tecnomed Silent** medical air compressor for 3 units is designed to supply clean, dry and safe compressed air for up to 3 dental units. It ensures consistent performance and a quiet working environment, perfectly suited to the needs of modern dental practices and medical facilities.

#### Silent and Comfortable Operation

The soundproofed system guarantees exceptionally quiet performance, reducing noise levels and improving the acoustic comfort of the workspace. This creates a calm and professional environment, enhancing operator focus and ensuring a more relaxed experience for patients.

#### Clean Air and Oil-Free Technology

The **completely oil-free head**, compliant with medical and dental standards, delivers pure and uncontaminated compressed air. This feature reduces maintenance and ensures maximum hygiene and reliability during all clinical applications.

#### Durability and Long-Term Resistance

The tank undergoes **hard anodising** and features an **internal anti-corrosion coating**, which increase strength and service life, even under intensive operating conditions.

#### Reliable Choice for Modern Practices

Silent, efficient and long-lasting, the **Tecnomed Silent** system provides a steady flow of clean air for dental surgeries and clinics that demand consistent performance and full compliance with medical quality standards.

**Technical features Medical Dry-air compressor 3 dental units.**
