

Ivory angle head, 1:1, prophylaxis use, compatible KaVo 31LR-L31

Ivory angle head, 1:1, prophylaxis use, Snap-On compatible KaVo 31LR-L31

Available

SKU: SL621P
Categories: KaVo - Ivory - Mk-dent

Description

The **Ivory 1:1 contra-angle head compatible with KaVo 31LR-L31** is designed to provide precision, smooth operation and comfort during oral hygiene and maintenance procedures.

When used with **Silk Line** contra-angles, it allows easier access to posterior quadrants, helping simplify daily clinical work and improve instrument handling during use.

The **rotostop** locking system allows quick and secure head replacement, making it easier to adapt to different transmission ratios and operating requirements.

Compatible with all **Ivory** and **KaVo®** contra-angles, it ensures excellent interchangeability and more efficient instrument management.

The **wear-resistant front bearing with integrated reinforcement bushing** provides stability, reduced vibration and long service life. The structure is designed to absorb stress during use, helping preserve rotor concentricity and maintain consistent performance.

Technical features Ivory 1:1 contra-angle head compatible with KaVo 31LR-L31

Indications	Prophylaxis
Max speed RPM	3000
Ratio	1:1
Type of movement	Standard
Head diameter (mm	8,00
Head height (mm)	7,95

Bur diameter (mm)	Snap-On
Type of lubrication	Oil
Autoclave resistant	Yes, 135°C
Packing weight appr. (g)	120
