SKU: SL680C

Categories: KaVo - Ivory - Mk-dent

Description

The **Ivory 1:1 standard contra-angle head compatible with KaVo 80LD L80** is designed to ensure precision, reliability and ease of use for everyday clinical procedures. Perfectly suited for **Ivory Silk Line contra-angles**, it combines compact dimensions with ergonomic balance and durability.

The **Ivory heads** allow easy access to posterior quadrants and preparation sites thanks to their reduced size and lightweight design. Compatible with **all Ivory and KaVo® contra-angles**, they feature the **Rotostop locking system**, enabling quick and effortless head replacement across the prophylaxis range.

This **versatility** allows for immediate and efficient maintenance: in the event of servicing, the head can be replaced instantly without workflow interruption, ensuring continuous operation.

The **front anti-wear bearing** with **integrated reinforced bushing** absorbs operational stress, maintaining precise rotor concentricity and delivering smooth, quiet performance over time.

Technical features Ivory 1:1 contra-angle head KaVo 80LD L80

Indications	Standard
Ratio	1:1
