

Ivory angle head, reciprocating 60°, compatible KaVo 53LDN-L53

Ivory angle head, reciprocating 60°, prophylaxis use, compatible KaVo 53LDN-L53

Available

SKU: SL653C
Categories: KaVo - Ivory - Mk-dent

Description

The **Ivory 60° reciprocating contra-angle head compatible with KaVo 53LDN-L53** is designed to provide precision, stability and comfort during prophylaxis and endodontic procedures.

Used with **Silk Line** contra-angles, it allows easy access to posterior quadrants and preparation sites, improving ergonomics during clinical work.

Thanks to the **60° reciprocating movement**, the head delivers controlled and smooth action, making it ideal for delicate and repetitive procedures.

The **Rotostop** locking system allows quick and secure head replacement, making it easy to adapt to different operating requirements.

Compatible with all **Ivory** and **KaVo®** contra-angles, it offers maximum versatility and practical instrument management.

The **wear-resistant front bearing with integrated reinforcement bushing** absorbs stress during use, maintaining rotor concentricity and ensuring consistent performance over time. This construction helps reduce wear and makes routine maintenance easier.

Technical features Ivory 60° reciprocating contra-angle head compatible with KaVo 53LDN-L53.

Indications	Prophylaxis
Ratio	BF60
Locking mechanism	Button
Head diameter (mm)	9,45

Head height (mm)	9,5
Bur diameter (mm)	2,334/2,350
Bur length (mm)	21.95
Type of lubrication	Oil
Autoclave resistant	Yes, 135°C
Max speed (RPM)	3.000
Packing weight appr. (g)	120
