

Ivory coupling for Nsk turbines, with LED light

Ivory Silk Line coupling for Nsk turbines, 6-way and LED light

Available on request

SKU: C30LN

Categories: Coupling for high speed handpieces

Description

The **Ivory coupling for NSK turbine with LED light (6-hole)** is designed exclusively for NSK dental turbines. The Silk Line C30LN ensures reliability, ergonomics, and consistent performance, making it the ideal complement to your NSK turbine.

Weighing only 31g and featuring full 360° rotation, it provides excellent handling and operator comfort during daily procedures. The integrated LED light delivers 25,000 lux of brilliant illumination for over 50,000 hours, enhancing visibility and clinical precision.

Ivory Silk Line quick couplings are engineered for NSK turbines, offering interchangeability, efficiency, and cost optimization for dental practices seeking durable and high-performing solutions.

Technical features Ivory coupling NSK turbine

Rotation	360°
Illumination	Led
Compatibility	NSK® PTL-CL-LED
Connection	6 ways
Spray regulation	No
Intensity of Light	25.000 lux
Voltage	(vdc): LED / 3.3-3.8

Weight	31 gr.
Autoclavable	No
