

Ivory coupling for Nsk turbines, with LED light

Ivory Silk Line coupling for Nsk turbines, 6-way and LED light

Estimated shipping in 15 days

SKU: C30LN

Categories: High-speed handpieces Couplings

Description

The **Ivory Silk Line coupling for NSK turbine with LED light and 6-hole connection** is designed exclusively for **NSK dental turbines**, ensuring full compatibility, reliability and consistent performance. The **Silk Line C30LN** model delivers ergonomic comfort and long-term precision in daily practice.

Weighing just **31 g** and offering **360° rotation**, it provides effortless manoeuvrability and optimal control. The **integrated LED light** delivers a bright **25,000 lux** illumination across the working field, improving visibility and clinical accuracy during every procedure.

The **long-life LED source** guarantees more than **50,000 hours of stable brightness**, while the quick-connect system ensures seamless operation and **full interchangeability** with most turbine couplings on the market.

The **Ivory Silk Line C30LN coupling for NSK turbines** combines lightness, durability and outstanding illumination — the perfect accessory for precise, comfortable and efficient clinical work.

Technical features Ivory coupling NSK turbine

Rotation	360°
Illumination	Led
Compatibility	NSK® PTL-CL-LED
Connection	6 ways
Spray regulation	No
Intensity of Light	25.000 lux

Voltage	(vdc): LED / 3.3-3.8
Weight	31 gr.
Autoclavable	No
