

Ivory coupling for Sirona turbines, with LED light

Ivory Silk Line coupling for Sirona turbines, with LED light, 6-way

Available

SKU: C30LS

Categories: High-speed handpieces Couplings

Description

The **Ivory Silk Line coupling for Sirona turbines with LED light and 6-hole connection** is the perfect companion for your dental turbine. Designed for comfort, brightness and precision, it's the ideal complement to the **Silk Line turbine series**.

With **360° rotation**, a **lightweight body of only 37 g** and **integrated spray control**, it ensures smooth handling and effortless adjustment of water flow. The **25,000 lux LED illumination** provides a bright, uniform working field, improving visibility and precision during every procedure.

The **long-life LED source** delivers more than **50,000 hours of consistent brightness**, while compatibility with most turbine couplings on the market ensures **full interchangeability** and optimised equipment investment.

The **Ivory Silk Line C30LS coupling for Sirona turbines** offers reliable connection, high-level performance and excellent lighting quality for superior clinical results.

Technical Features Ivory Coupling for Sirona handpiece with Led Light.

Rotation	360°
Illumination	Led
Compatibility	Sirona® Click&Go
Connection	6 ways
Intensity of Light	25.000 lux

Voltage	(vdc): LED / 3.3-3.8
Spray Regulation	Yes
Weight	37 gr.
Autoclavable	No
