

## Ivory Silk Line 1:5 Fibre Red contra-angle with spray

Red Ivory Silk Line 1:5 contra-angle with optical fibre, Intramatic coupling, internal spray

**Available**

**SKU:** SL415L

**Categories:** Professional Equipment

### Description

The Ivory Silk Line 1:5 Fibre Red contra-angle with spray, with 1: 5 multiplier contra-angle and Optical Fiber.

Perfect for all restorative operations and prosthetic implantation, it has been designed with a smaller head to offer you total freedom of movement. In addition, its monoblock design facilitates a better cleaning, an even quieter operation and a high degree of maneuverability, and the vast field of irradiation allowed by the optical fiber guarantees an incomparable brightness and an operative field without any shadow zone.

And that is not all! The anti-wear ceramic ball bearings guarantee a longer life cycle and lower than average acoustic emission and its solid structure of the noble metal exterior parts, guarantees for a long time its resistance to autoclaving ... of course It is a piece that cannot be missing in your clinic!

Technical features of the Ivory Silk Line 1:5 Fibre Red contra-angle with spray:

Removable head	NO
Optical fiber	YES
Intensity of Light	Greater than 40,000 Lux
Transmission	1: 5
