Ivory Silk Line 1:5 red multiplier contra-angle, Intramatic coupling, internal spray

Available on request

SKU: SL415C

Categories: Professional Equipment

Description

The Ivory Silk Line 1:5 red contra-angle with spray is our 1: 5 multiplier contra-angle without optical fiber.

Perfect for all restorative operations and prosthetic implantation, it has been designed with a smaller head to offer you total freedom of movement.

Its Monoblock design facilitates a better cleaning, an even quieter operation and a high degree of manageability.

In addition, the anti-wear ceramic ball bearings guarantee a longer life cycle and a lower than average acoustic emission and its solid structure of the external parts in noble metal, guarantees for a long time its resistance to autoclave sterilization ... it is a piece that cannot be missing in your clinic!
