Description

Dental High Speed Handpiece Ivory Silk Line Bienair Connection

The Ivory Silk Line High Speed Handpieces represent a new generation of Dental Turbines “Made in Europe”.

The T501LB is our connection Bienair Dental Turbine; Ergonomic, powerful and elegant, this turbine helps you perform any kind of treatment.

Like all our turbines, the T501LB has a lightness without equal, 23 watts of power, Fiber Optic, made in Steel and Titanium and with ceramic bearings rotor. It also guarantees a prey force greater than 40 newton and a silence without equal. In addition its lubrication is very easy and fast thanks to our innovative Ivory Fast Oil lubrication system that allows you to lubricate our turbines from the front side with a single adapter and leave the internal rotor, properly manufactured, always perfectly lubricated thus significantly increasing its durability and reducing repair costs and maintenance errors. With the T501LB you have everything to do a great job in maximum security!

Technical Features Dental High Speed Handpiece Ivory Silk Line, Bienair Connection

Type of head	Standard
Stop mechanism	Push Button
Type of Spray	3 nozzles
Weight	56 gr
Material	Titanium and Steel

Coupling Type	Bienair®
Maximum rotation per minute	345.000
Power	23 watt
Rotor bearings	Ceramics
Optical fiber	Yes
Intensity of Light	More than 40.000 lux
Fast Oil System	Yes
Autoclavable	Yes
Air pressure	2.8
Diameter of the head	12,5 mm
Height of the head	13,1 mm
Drill Diameter	1.59-1.60 mm
Drill Length	10-25 mm
Type of Lubrication	Oil/ Grease
