

Ivory Silk Line fiber optic turbine, KaVo coupling, 3-hole spray

Ivory Silk Line fiber optic turbine, standard head, Kavo coupling, 3-hole spray

Available

SKU: T501LK

Categories: Optic fibre

Description

Dental Turbine Ivory Silk Line KaVo Connection T501LK

The Ivory Silk Line dental turbine, Kavo compatible represent a new generation of Dental Turbines “Made in Europe”.

The T501LK is our Kavo connection Dental Turbine in Steel and Titanium. Thanks to its efficient technology, its elegant design and its high performance, it is one of our best sellers. Its power of 23 watt, its rotor with bearings in ceramic, its lightness of only 45 gr. and the Fiber Optic that illuminates the field of work in 40.000 lux are just some of the advantages of the Ivory T501LK.

In addition, its lubrication becomes easier and faster thanks to our innovative Ivory Fast Oil lubrication system that allows you to lubricate any of our turbines from the front side with a single adapter and leave the internal rotor, properly manufactured, always perfectly lubricated thus increasing notably its durability and reducing repair costs and maintenance errors.

Technical features Dental Turbine Ivory Silk Line KaVo Connection

Type of head	Standard
Stop mechanism	Push Button
Type of Spray	3 nozzles
Weight	45 gr
Material	Titanium and Steel

Coupling Type	KaVo®
Maximum rotation per minute	345.000
Power	23 watt
Rotor bearings	Ceramics
Optical fiber	Yes
Intensity of Light	More than 40.000 lux
Fast Oil System	Yes
Autoclavable	Yes
Air pressure	2.8
Diameter of the head	12,5 mm
Height of the head	13,1 mm
Drill Diameter	1.59-1.60 mm
Drill Length	10-25 mm
Type of Lubrication	Oil/ Grease
