Description

Sanitisable Monitor VISIOMED, 19" High-Brightness LCD Display for Medical Environments

The **sanitisable monitor VISIOMED** delivers high image quality and hygienic safety in medical settings. Its 19" high-brightness LCD screen ensures precise and clear viewing during clinical procedures, even under challenging lighting conditions.

Durable and easy to sanitise.

A protective glass panel makes the screen resistant to scratches, water and impacts, allowing frequent disinfection with medical-grade solutions while maintaining visual clarity. Perfect for dental surgeries, clinics and laboratories.

Superior visual performance.

The 19" LED display in 16:10 format with Full HD resolution offers sharp, true-to-life images. VGA and HDMI inputs guarantee full compatibility with most medical and dental systems.

Flexible and reliable installation.

Equipped with a VESA 100 mount and 12VDC power supply, the VISIOMED monitor integrates seamlessly into wall mounts, arms or mobile carts, ensuring stability and adaptability in any professional setting.
