

Perio tip for SINE WAVE DRIVE scaler, compatible P50L, PSL, P21LE

Titanium perio tip for drilling and curved root walls. Compatible Woodpecker P50L, EMS PSL, NSK/E P21LE

Available

SKU: PG050LT

Categories: EMS - Woodpecker

Description

The perio tip for Sine Wave Drive scaler is a titanium tip designed for furcation treatment and curved root surfaces.

Its thin shape allows access to deep periodontal pockets and difficult-to-reach areas, supporting root debridement and tartar removal in narrow spaces, including between teeth or overlapping crowns.

Specifications

- Compatible with Woodpecker P50L, EMS PSL and NSK P21LE
- Suitable for use with Sine Wave Drive scalers
- For professional dental use
