

Perio tip for SINE WAVE DRIVE scaler, compatible P53L, PL1, P21LE

Titanium perio tip for removing tartar and biofilm. Compatible Woodpecker P53L, EMS PL1, NSK/E P21LE

Available

SKU: PG053LT
Categories: EMS - Woodpecker

Description

The Sine Wave Drive LT perio tip for scaler is a titanium perio tip indicated for tartar and biofilm removal during professional periodontal procedures.

The slim tip allows access to periodontal pockets and difficult areas, supporting treatment even in narrow spaces between teeth, crowns or overlapping elements.

Specifications

- Compatible with Woodpecker P53L, EMS PL1 and NSK P21LE
- Suitable for use with Woodpecker, EMS and NSK piezoelectric scalers
- For professional dental use
