

Perio tip for SINE WAVE DRIVE scaler, compatible P54R, PL5, P25RE

Titanium perio tip for biofilm removal and space treatment.
Compatible Woodpecker P54R, EM PL5, NSK/E P25RE

Available

SKU: PG054RT
Categories: EMS - Woodpecker

Description

The perio tip for Sine Wave Drive scaler compatible with Woodpecker P54R, EMS PL5 and NSK P25RE is a titanium tip designed for professional periodontal treatments.

Its slim shape allows access to deep periodontal pockets and narrow interdental areas, supporting effective biofilm removal in difficult-to-reach zones. It is indicated for the treatment of interdental spaces and for use in areas with overlapping crowns or anatomically complex conditions.

Specifications

- Compatible with Woodpecker P54R, EMS PL5, NSK P25RE
- Suitable for use with Sine Wave Drive scalers
- For professional dental use
