

Perio tip for SINE WAVE DRIVE scaler, P52, PL3, P20E compatible

Titanium perio tip for removing tartar and biofilm. Compatible Woodpecker P52, EMS PL3, NSK/E P20E

Available

SKU: PG052T

Categories: EMS - Woodpecker

Description

The perio tip for Sine Wave Drive T scaler is a titanium tip designed for removing tartar and biofilm during professional subgingival hygiene treatments.

Its slim profile allows access to deep periodontal pockets and hard-to-reach areas, supporting precise and controlled root debridement.

Specifications

- Compatible with Woodpecker P52, EMS PL3 and NSK P20E
- Suitable for use with Sine Wave Drive T scaler
- For professional dental use
