Description

Straight blue Ivory Silk Line Intramatic fiber optic, 1:1, with spray.

The truth is that to describe our SL211E Straight Handpiece is quite easy, given that ... it speaks for itself. Our Straight Handpiece is the most appropriate base to personalize your work in a highly professional and safe way.

Infinitely light and without vibrations, the SL211E allows you to perform any intervention, even the most difficult, without getting tired of your hand and its specifically designed mechanical parts with a very low tolerance threshold, transmit the power of the Micromotors without dispersion of it and without any noise.
