SKU: FK9385

Categories: OKKIO Mounts

Description

Clamp support designed for **mounting the OKKIO medical camera arm** onto the **dental unit lamp pole** with **45-50mm diameter**.

This solution allows the camera system to be integrated directly onto the dental unit structure, optimizing space and keeping the workstation clean, organized and functional.

The clamp support is a **practical and versatile solution**, as it enables installation without drilling or permanent modifications while ensuring a stable and secure grip on the lamp pole. It is ideal for achieving a **professional, space-saving setup**, with the camera always correctly positioned and ready for use during clinical procedures.
