

Headrest support for OKKIO arm

Headrest support for OKKIO arm, for dental chair mounting, 180° degree rotatable support, minimum space required.

Available

SKU: FK939S

Categories: OKKIO Mounts

Description

Headrest support for OKKIO arm, designed to ensure **minimal footprint** and practical daily use. The support is **rotatable by 180 degrees**, allowing flexible positioning of the arm according to operational needs.

Ideal for **installation on the dental unit chair**, it ensures **stable recordings** and a clean, well-organized workstation without interfering with clinical activity.
