

Built-in kit Woodpecker UDS-N3 scaler + HW-5L led handpiece,EMS compat.

Woodpecker built-in power scaling unit, EMS led compatible, complete kit

Available

SKU: AG046BL

Categories: Integrated Scalers

Description

Built-in kit Woodpecker UDS-N3 scaler + HW-5L led handpiece, EMS compatible.

Built-in scalers, with or without optic fibre, are ideal for users who prefer to have all their instruments immediately to hand on

Woodpecker UDS-N3 Built-in Scaler Kit with HW-5L LED Handpiece – EMS® Compatible

The Woodpecker UDS-N3 scaler kit, supplied with the HW-5L LED handpiece, offers a complete and reliable solution for dental professionals who require maximum efficiency and ease of use in daily practice. Designed for seamless EMS® insert compatibility, this unit delivers exceptional performance across a wide range of clinical applications.

This integrated scaler stands out for its practicality and versatility, ensuring hygiene and treatment procedures are carried out with speed and precision. The LED handpiece provides bright, focused illumination, greatly improving visibility in the operative field and enhancing accuracy during treatment. Thanks to its broad EMS® insert compatibility, it adapts easily to clinical needs from prophylaxis to periodontal and endodontic care.

Key features and benefits:

- **LED handpiece:** built-in light ensures optimal visibility during procedures.
- **EMS® compatibility:** works with a wide range of EMS® inserts, several of which are included.

- **Consistent performance:** stable 28kHz ultrasonic frequency for precise and reliable operation.
- **Ergonomic design:** lightweight 45g handpiece reduces operator fatigue.
- **Complete kit:** supplied with circuit board, cord, potentiometer, 6 inserts and endodontic tools.

Technical specifications:

- Insert compatibility: EMS®
- Connection: EMS® LED cord
- Optical fibre: integrated (LED handpieces)
- Power supply: 24VAC
- Ultrasonic frequency: 28kHz ± 3kHz
- Handpiece weight: 45g
- PCB dimensions: 75 × 56 × 37mm

The Woodpecker UDS-N3 kit represents a comprehensive choice for clinicians seeking a high-performance, built-in scaler with proven EMS® compatibility. It has been developed to improve workflow efficiency and to guarantee excellent clinical results in everyday dental practice.

Technical features Woodpecker UDS-N3 scaler led.
